Ensero Solutions is an environmental consulting and remediation business with specific expertise in environmental assessments, active/passive water treatment, microbiological testing, and turnkey remediation services for the mining industry and broader industrial sectors. At Ensero, we get the opportunity to make a positive impact on the environment and people's lives. We're building a culture where people can grow their careers and are challenged to solve our client's toughest environmental problems.

About the Role

Role Overview:

Reporting to the Site Supervisor, the Equipment Operator II is responsible for the operation of heavy equipment at the Mount Nansen Mine Site and supporting general care and maintenance activities.

Key Responsibilities

- Support care and maintenance of a closed mine site.
- Safely operates various types of heavy equipment such as Excavator, Front End Loader, Skid Steer and Snowplow utilizing machine-specific controls and machine attachments to complete all necessary tasks.
- Support the maintenance of all on-site equipment in good and safe working order by performing regular inspections, routine maintenance, and repairs.
- Support general care and maintenance activities on site including site pumps, distribution systems (water, electrical and fuel), communication systems, buildings, and roadways.
- Prepare daily/monthly/quarterly summary reports of site operation including time tracking.
- Perform general labour and small construction activities around the site.
- Ensure the cleanliness/safety of the site.
- Daily inspections of on-site equipment to ensure proper performance of operations.
- Take proper safety precautions, anticipate unsafe circumstances, and act accordingly to prevent accidents.
- Learn to operate and support water treatment plant operations.
- All other duties as required.

About You

- Minimum 3 years of industrial work experience and experience operating heavy-duty equipment such as an excavator, loader and skid steer.
- Is in good physical health, able to lift a minimum of 50 lbs., stand/bend/stoop for long periods of time, and work outdoors in all weather conditions.
- Is in possession of a current Driver's License, and able to drive to the job site.
- Previous experience operating hand tools, small machinery, and other necessary equipment.
- Will be required to pass a pre-employment drug and alcohol screening.
- Preferred candidates may be required to provide a criminal record check before commencement of employment.

How to Apply

To apply for this role, please send your resume to hr@ensero.com or drop them off to the LSCFN office. Application deadline is December 15th, 2023.
